

NasaDoge WhitePaper

Turn Digitality, into Reality! Nature-Finance-Life...

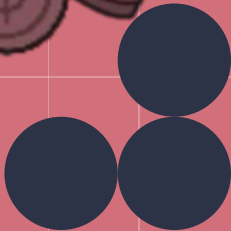

NasaDoge.Finance

We have sensibility of Finance-Life and Nature. NasaDoge aims to touch exactly these places. Your investments grows as Plantation, Value and Future. NasaDoge is a project that created with a professional team that combines the crypto money market and the real business world, makes innovations with agreements in different sectors, and shares the revenues with its holders.

**What is NasaDoge
planning to do?**

NasaDoge aims to growing by adding innovative and leader projects in the DeFi, to our ecosystem. Your digitally purchased NasaDoge tokens will turn into values that you can use in REAL life. Your Nasadoge tokens will turn into special plantations in the fertile land of the project. Planting and maintenance will be done by professional teams. Paulownia trees, a special type of tree that adapts easily and grows fast, will provide you with both oxygen and income based on your the amount of NasaDoge. NasaDoge plans to prove itself in all sectors...

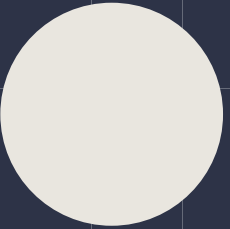

It will show itself in the most popular locations around the world. Many sports clubs have been sponsored and new ones will be added to them. We aim to create an INCOME token that plans to grow in the global arena and brings REAL investors together by showing itself in different industries. NasaDoge aims to grow with different partnerships and projects. Created by NasaDoge projects such as n-fluencer.com, n-shopy.com, n-charity.com already have started.

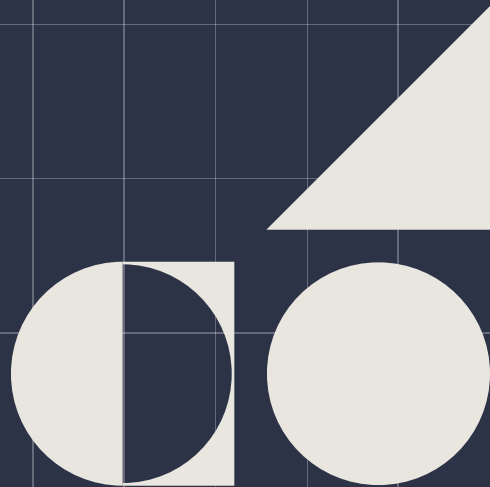

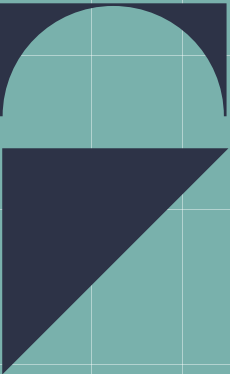

1. ***n-shoppy***: A shopping site with an option to buy products with cryptocurrencies.
2. ***n-fluencer***: By auctioning the material or emotional items of famous people in their community. 50% of the income will be burned by buying NasaDoge tokens. The remaining 30% will be donated to any charity organization which requested by the community. Special prizes will be given away through the draws. NasaDoge investors will have the opportunity to receive Match tickets, abroad holidays, meeting famous people and many different prizes. (Agreements are already being made with famous people)
3. ***n-charity***: The project, which will be based on donations only, will contribute to animals, people and nature without profit, and will do this together with our community.

(50% of the proceeds will be distributed to investors as dividends.)

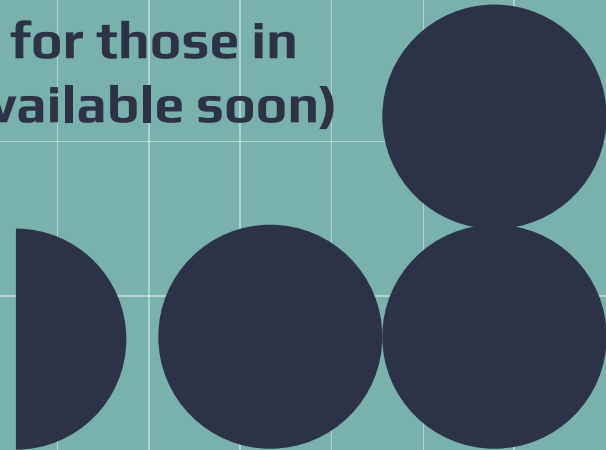

**Why should
we invest
NasaDoge?**

NasaDoge investors will have various Opportunities on special platforms. NasaDoge holders get dividends from Paulownia trees, shopping (n-shopy.com), participating in auctions and meeting famous people (n-fluencer.com). In addition, it will be able to contribute to our charity organization (n-charity.com) for those in need and animals. (our websites will be available soon)

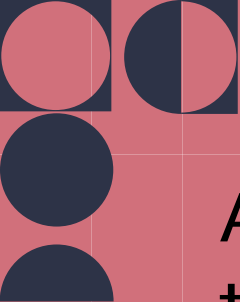

What NasaDoge has done?

NasaDoge has started to implement projects that can generate many different incomes for its investors, as well as passive income;

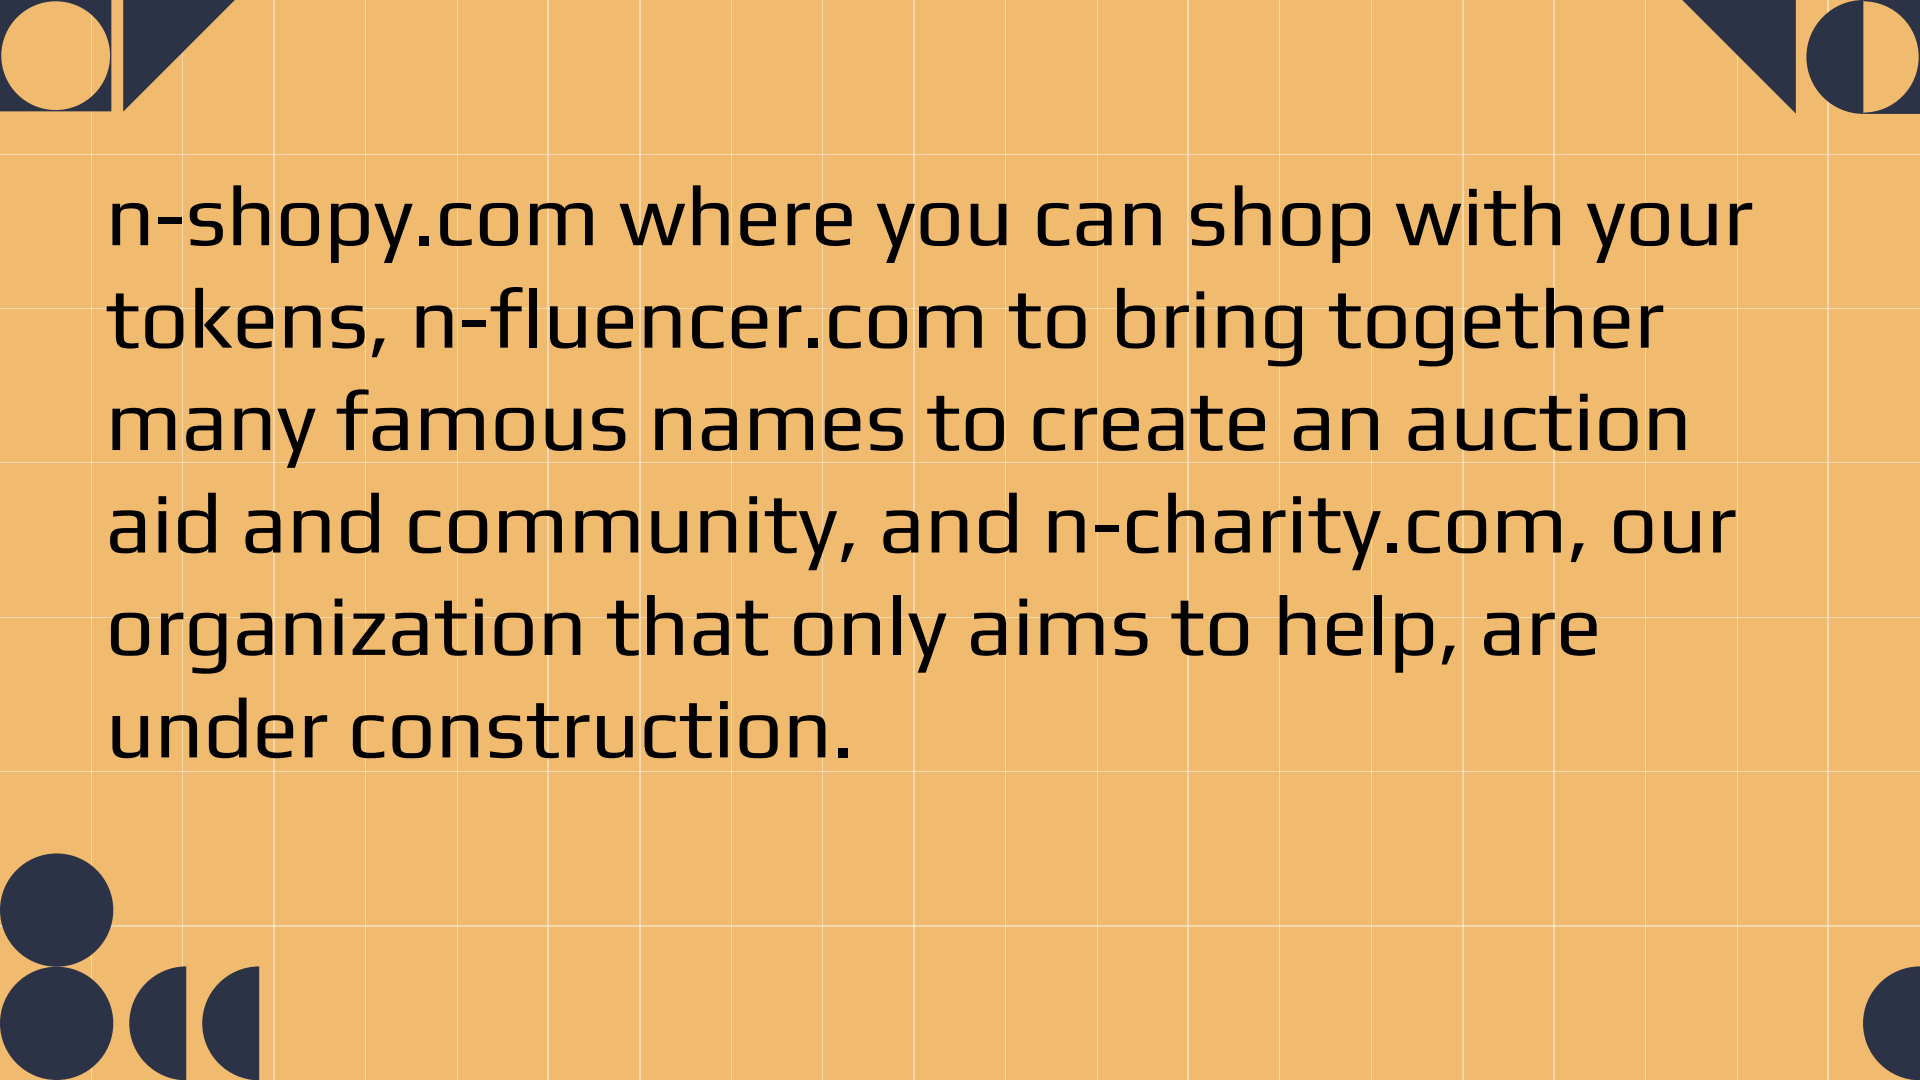

After the planting places of Paulownia trees, where NasaDoge holders can provide passive income, were analyzed by professional teams and suitable habitat for the trees was provided, they were planted by expert teams. The work to expand the project continues.

(Target 100000 Paulownia)

n-shoppy.com where you can shop with your tokens, n-fluencer.com to bring together many famous names to create an auction aid and community, and n-charity.com, our organization that only aims to help, are under construction.

NasaDoge has also made great steps in the field of Sports. NasaDoge, which is the jersey sponsor of Manisa Sanayispor, one of the amateur football clubs in Turkey, also Sponsored the Turkish professional 2nd league team Menemenspor. We will attract attention from different sectors with sponsorships and advertising activities. Different clubs and locations will be added to these...
